Subject: RE: Possible Proposed Festival Road Closure

Randy,

Thank you for your input. The LGBCP did seek input from the Village on the proposed closing of Robert Parker Coffin Road and they were encouraged to work with all the businesses affected by the closure prior to making application to the Village. The LGBCP Board was scheduled to consider their Special Event Applications at their meeting last night, the applications have not yet been submitted to the Village but the Village Board is scheduled to consider approval of the applications during their upcoming February 24, 2015 meeting. I will reach out to LGBCP Director Sharon Fine to reiterate the recommendation that this issue should be resolved by the LGBCP Board prior to submitting the Applications for consideration by the Village Board. In any case, your email and my response will be shared with the Village Board so that they are aware of your concerns.

Please continue to keep the Village apprised and let me know if I can be of further assistance.

Thanks,

Dave

Subject: Possible Proposed Festival Road Closure

Angie Underwood, Village President and David Lothspeich, Village Manager,

I was recently advised by Long Grove Business and Community Partner's president, Ryan Messner, that a new company has been hired to run the annual festivals. He has also advised me that the possibility of closing Robert Parker Coffin Road to vehicle traffic in both directions from Archer Road to Old McHenry Road is being discussed. This is of great concern to me. This would cause a major problem for our business as gas sales would be impossible without vehicle traffic down this street. I am urging the Village to discuss this, with our business in mind, if this road closure should be proposed.

Thank You,
Randy Towner, Owner
Mel's Marathon, Inc.
209 Robert Parker Coffin Rd.

Wendall Towner, Property Manager
