Description: When you ride or run Venus de Miles, you aren't just participating for the passion or celebrating sisterhood, you're riding and running for a cause – to support Greenhouse Scholars and Colorado's most deserving and promising young college students.

Currently, Greenhouse Scholars supports 200+ students. The average household income for our Greenhouse Scholars is \$29,000. Nationwide, despite unbelievable challenges and overwhelming odds, these students have achieved success in their classrooms, their sports fields, and their communities. It is a fact that higher education

paves the way to opportunity and social mobility. At Greenhouse Scholars, we believe in fulfilling the promise of opportunity.

Participants are expected from all over Illinois, in addition to neighboring states. We are targeting 400 riders for our fourth year and 150 runners for our first year of the running event. We are estimating 100-150 spectators to be spread throughout the course, in addition to 100 volunteers.

Description: Each ride and run begins at Glen Rowan House on Lake Forest College campus and will be contained within Lake Forest County. Refer to enclosed course maps and links for exact outline of proposed ride and run courses.

Start Time: 7:00 AM 62-mile course START
8:30 AM 30-mile course START
8:40 AM 5K & 10K runners START
10:00AM-4:00PM Post-Ride Festival & Vendor Expo at Lake Forest College

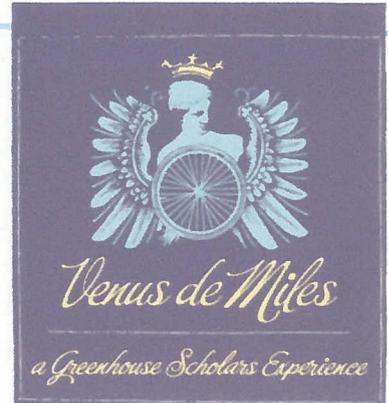

Finish Time: Runners will finish between 30minutes and 90minutes. A cut-off time of 90 minutes will be enforced for all runners to limit road closure times. A cut-off time of 4:45PM will be enforced for all riders. Riders will be spaced out according to their chosen routes. The average speed is estimated between 12-15 MPH. Riders must clear the course by 4:45PM, and we will establish cutoff times similar to our 2014 event for each of the rest stops.

Upon completion and approval from Lake County we will send a route addendum, which will include finalized route maps, traffic control plans, cues and rest stop locations.

Aid Stations: Rest stop locations will be determined after courses are approved.

Each Aid station will include 2+ tables, 4+ chairs, food and drink, port-o-lets, and 8-12 volunteers in addition to mechanical and medical support. Live music will be played at select aid stations on the bike course.

Support: 6-8 SAG vehicles on course, 3 cabooses, 10 paramedics on motorcycles, 3 on-course mechanical supporters (plus 25 Men In Drag mechanics) at aid stations and en route, 10-15 on-course medical volunteers (including aid stations), 2-4 hydration vehicles, and various course officials on course as specified by traffic control.

Staffing: We are estimating 130 volunteers, in addition to 15-20 staff.

Parking: We are encouraging all participants to carpool and ride their bikes whenever possible to the event.

Vehicle Parking: Parking will be available on all three Lake Forest College campuses (North, Middle, & South). Riders are encouraged to utilize additional street parking as well as additional parking in downtown Lake Forest.

Traffic Control: Provided by Illinois State Highway Patrol, Lake County Sheriff, the City of Lake Forest Police Department and Lake Forest College Security.

Signage: Pre-event signage to be placed seven days out per county regulations, in addition extra signage will be placed the day before for the event as well as specific road markings indicating directional turns.

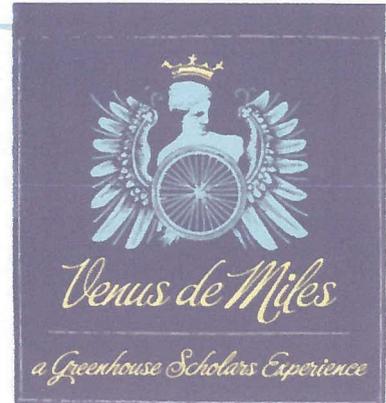

All signage will be removed from routes with sweep vehicles following the last riders.

Road Closures: Intersection closures for the run course will be discussed once courses are approved.

Comms Plan: We will use 2-way radios for all main site staff communications. All key medical and logistics team members, as well as key Police staff, will have handheld radios. Additionally, we will have HAM radio operators at Glen Rowan House and mobile. Our third layer communications backup is cell phone use, where applicable.

Volunteer Fire Departments will be alerted to event and emergency plan.

Water Plan: Drinking water for on site and at rest stops will be provided by Culligan. Water will be stored in 5-gallon containers and poured into 5 and 10 gallon coolers with taps for dispensing. 30 5-gallon jugs will be supplied.

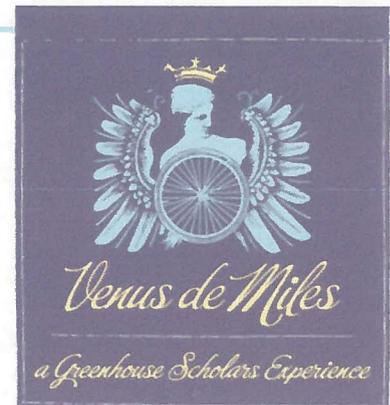

Sanitation Plan: Portable facilities at the start/finish area, all rest stops. Number of port-o-lets TBD based on final rider count. Estimated 1/100. Venus de Miles will provide trash, recycling and compost facilities at all rest stops, as well as Glen Rowan House.

Emergency + Med. Protocols: Rapid Response Paramedics will provide 1 Medical Coordinator (DC), and 8 paramedics for the event; eight paramedics will be on motorcycles that will cover the road course, each paramedic carries an AED, oxygen, IV supplies, and trauma bandages. One paramedic will be placed at the start/finish area to insure that every athlete/spectator who may have a medical need is cared for without delay. One paramedic will control the dispatching and medical operations throughout the event. This is to insure every emergency that occurs on the course is handle without delay.

There will also be first aid kits available at each aid station and at the main site.

Hello all!

I wanted to touch base and get in touch with each of you regarding our July 25 Venus de Miles all-women's bike ride. We've had some back and forth with courses and I know some of you were provided with different courses and then we updated them so I wanted to ensure you had the most updated information. We'll be using last year's routes once again. If you can please let me know any issues you may see with the below course outlines and changes we need to make I would greatly appreciate it so we can get these finalized asap! Please see below links and attached maps for reference to our courses and again let me know if you need any additional paperwork or information to be completed for approval.

28-mile course: <http://ridewithgps.com/routes/4517971>

62-mile course: <http://ridewithgps.com/routes/4517969>

Thank so much for your assistance and attention to this matter to get all of the necessary approvals.

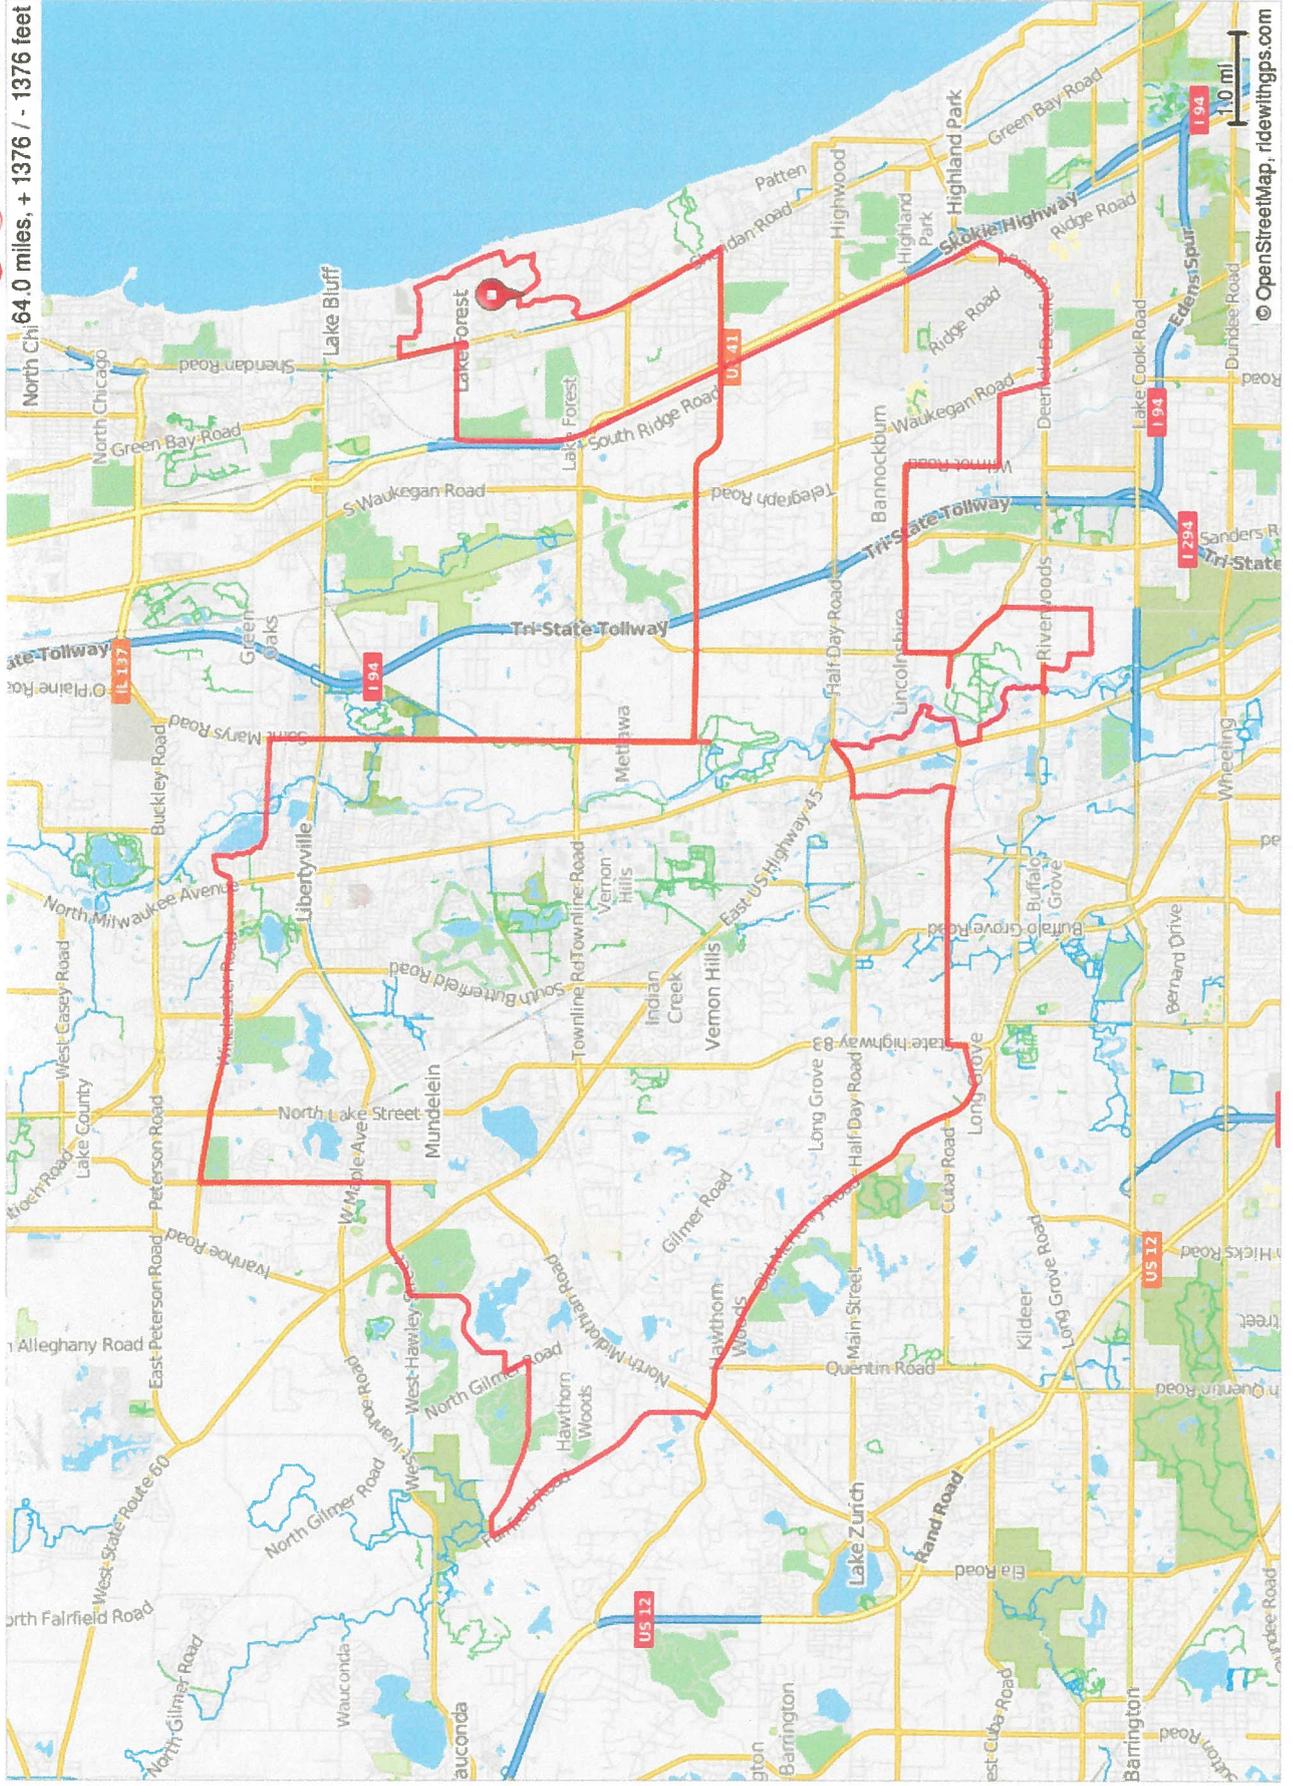

Take care,
Angie
