Immediately after the adoption of the Annexation Ordinance, the Village shall take all steps necessary to:

A. Adopt a valid and binding ordinance, substantially in the form of **Exhibit F** to this Agreement, ("**Zoning Map Amendment Ordinance**") amending the Village's zoning map to add the Property and to classify the Property into the R2 zoning district. All materials used for construction of the Project Improvements shall be new and of first quality.

C. Completion of the Improvements. All Project Improvements shall be completed and made ready for inspection, approval, and, where appropriate, acceptance by the Village pursuant to the construction schedule approved by the Village Engineer as part of the Final Engineering Plan. The Owner shall be allowed extensions of time beyond the completion dates set forth in such construction schedule only for unavoidable delay caused by Force Majeure.

D. Engineering Services. The Owner shall provide, at its sole cost and expense, all engineering services for the design and construction of the Project Improvements.

E. Construction Traffic. The Village reserves the right to designate certain prescribed routes of access to the Property for construction traffic to provide for the protection of pedestrians and to minimize disruption of traffic and damage to paved street surfaces; provided, however, that such designated routes shall not be unreasonably or unduly circuitous nor unreasonably or unduly hinder or obstruct direct and efficient access to the Property for construction traffic. Subject to the foregoing reservation of rights, the Village shall, upon application by the Owner, issue a permit for the use, upon designated streets of the Village and at designated times, of vehicles weighing in excess of the limits prescribed by Village ordinances in order to provide access for construction vehicles to the Property. The fee for the permit shall be in addition to all required financial guarantees required pursuant to this Agreement, and shall cover all construction vehicles, including the vehicles of contractors, subcontractors, suppliers, and agents of the Owner as well as to vehicles of the Owner. The construction vehicle permit shall be effective for a period of three months from the date of issuance and shall be renewable upon conditions approved by the Village Manager to ameliorate any unsatisfactory conditions or circumstances arising under the original permit. At all times during the construction of the Project Improvements, and until completion, approval, and, where appropriate, acceptance of the Project Improvements by the Village, the Owner shall keep all routes used for construction traffic to be free and clear of mud, dirt, debris, obstructions, and hazards and shall repair any damage caused by such construction traffic. The Village shall not be obligated to keep any streets within the Subdivision cleared, plowed or otherwise maintained until such street has been completed, approved, and accepted by the Village in accordance with this Section 8 or until other arrangements satisfactory to the Village, in its sole discretion, shall have been made.

F. Dedication and Maintenance of the Improvements.

- i. Final Inspection and Approval of the Project Improvements. The Owner shall notify the Village Engineer when it believes that any or all of the Project Improvements have been fully and properly completed and shall request final inspection, approval, and, where appropriate, acceptance of the Project Improvement or Improvements by the Village. The notice and request shall include any of the "as-built" or "record" drawings required by Section 8.F.ii, and to the extent not previously submitted, contractors' sworn statements, final lien waivers, and all other appropriate documentation necessary to demonstrate that all contractors, subcontractors, and material suppliers, as well as all engineering and inspection fees, have been paid in full. The notice and request shall be given far enough in advance to allow the Village Engineer time to inspect the Project Improvements and to prepare a punch list of items requiring repair or correction and to allow the Owner time to make all required repairs and corrections prior to the scheduled completion date. The Owner shall promptly make all necessary repairs and corrections as specified on the punch list. The Village shall not be required to approve or accept any portion of the Project Improvements until all of the Project Improvements, including all punch list items, have been fully and properly completed.
- ii. "As-Built" or "Record" Drawings and Specifications of the Public Improvements. The Owner shall, not later than the time it gives the notice of completion and request for approval, provide to the Village three sets of "as-built" or "record" drawings for all of the Public Improvements, including one set on a reproducible mylar. As-built drawings shall also be provided in digital format and submitted to the Village Engineer on Intergraph Microstation format (or DXF Format if not

available on Intergraph) using 3 1/2" MS-DOS diskettes. The "as-built" or "record" drawings and specifications shall depict every Public Improvement as built and shall include all final dimensions, elevations, and calculations necessary to fully describe the Public Improvements and to establish their compliance with this Agreement and all Requirements of Law.

iii. Dedication and Acceptance of Specified Public Improvements. Neither the execution of this Agreement nor the approval or recordation of the Final Plat shall constitute an acceptance by the Village of any public lands or facilities that are depicted as "dedicated" on the Final Plat or Final Engineering Plan, if any, or of any Public Improvements. The acceptance of all Public Improvements shall be made only in compliance with the requirements of the Subdivision Ordinance and this Agreement. The Village shall not formally accept the Public Improvements for a period of time that shall run from the date of completion of each of the Public Improvements until such time as (i) the Owner has transferred title to 75% of the lots and units from itself to individuals or corporations; (ii) the transferred lots are built upon and certificates of occupancy have been issued for such units; and (iii) the Owner agrees to maintain the Property in a good, serviceable, and acceptable condition, as determined by the Village. The Owner shall provide the Village Engineer with a copy of all payouts and/or Contractor's Affidavits accompanied by all appropriate sworn statements, affidavits, and supporting waivers of lien in full compliance with the Illinois Mechanics Lien Law and all other requests for payment for any service performed or rendered relating to the Public Improvements on the Property. From time to time, upon certification to the Village Engineer by the engineer representing the Owner that a portion of the Public Improvements have been completed, paid for, and approved, the Village Engineer, in their sole discretion, may reduce the amount of the Letter of Credit by the amount of the completed Public Improvements. Upon (i) certification to the Corporate Authorities by the Village Engineer that all of the Improvements have been completed and have been approved, which certification shall not be unreasonably withheld or delayed; (ii) payment by the Owner of all engineering and construction costs for the Public Improvements, plus payment of all the Village's engineering and other permit and inspection fees for the Property Improvements, and (iii) issuance of Certificates of Occupancy as set forth in this Section 8.F.iii, the Village Board shall accept the Public Improvements.

G. Transfer of Ownership of the Public Improvements to the Village. Upon the approval of, and prior to acceptance of, the Public Improvements to be accepted by the Village pursuant to Subsection 8.F of this Agreement, the Owner shall execute, or cause to be executed, such documents as the Village shall request to transfer ownership of the Public Improvements to, and to evidence ownership of the Public Improvements by, the Village, free and clear of all liens, claims, encumbrances, and restrictions unless otherwise approved by the Village in writing. The Owner shall, at the same time, grant, or cause to be granted, to the Village all such easements or other property rights as the Village may reasonably require to install, operate, maintain, service, repair, and replace the Public Improvements that have not previously been granted to the Village, free and clear of all liens, claims, encumbrances, and restrictions other than those listed on **Exhibit K** attached to this Agreement or which are otherwise approved by the Village in writing.

H. Guaranty of the Project Improvements. The Owner hereby guarantees the prompt and satisfactory correction of all defects and deficiencies in the Project Improvements,

including without limitation landscaping installed by the Owner on public lands or within public rights-of-way or easements, that occur or become evident within one year after approval and, where appropriate, acceptance of the Project Improvements by the Village pursuant to this Agreement. If any defect or deficiency occurs or becomes evident during that period, then the Owner shall, after 30 days' prior written notice from the Village (subject to Force Majeure), correct it or cause it to be corrected. In the event any Project Improvement is repaired or replaced pursuant to any demand, the Guaranty provided by this Subsection 8.H shall be extended, as to such repair or replacement, for one full year from the date of such repair or replacement. Notwithstanding the one-year guarantee required by this Subsection H, all landscaping and tree Public Improvements shall be guaranteed for a period of two years from the date of final acceptance by the Village.

I. Issuance of Permits and Certificates.

- i. Security Required. The Village shall not be required to issue any permits in connection with any Property Improvements or other development activities relating to the Property until the Owner shall have delivered to the Village the performance securities required in Sections 12.A(i), and 12.A(ii), and 12B of this Agreement.
- ii. Right to Withhold Permits and Certificates. The Village shall have the absolute right to withhold any building permit or certificate of occupancy at any time the Owner is in violation of, or is not in full compliance with, the terms of this Agreement.
- iii. Completion of Improvements. The Village shall issue no certificates of occupancy for any Structural Improvements located on the Property until the Project Improvements are completed by the Owner in accordance with the schedule established pursuant to Subsection 8.C of this Agreement or until other arrangements satisfactory to the Village Engineer, in his sole and absolute discretion, shall have been made. The issuance of any building permit or certificate of occupancy by the Village at any time prior to completion of all the Project Improvements and approval and, where appropriate, acceptance thereof by the Village shall not confer on the Owner any right or entitlement to any other building permit or certificate of occupancy.

J. Completion of Construction. If the Owner fails to diligently pursue all construction as required in, or permitted by, this Agreement to completion within the time period prescribed in the building permit or permits issued by the Village for such construction, and if the building permit or permits are not renewed within three months after the expiration thereof, the Owner shall, within 60 days after notice from the Village, remove any partially constructed or partially completed buildings, structures, or Property Improvements from the relevant lot. In the event the Owner fails or refuses to remove said buildings, structures, and Property Improvements, as required, the Village shall have, and is hereby granted, in addition to all other rights afforded to the Village in this Agreement and by law, the right, at its option, to demolish and/or remove any of said buildings, structures, and Property Improvements, and the Village shall have the right to apply any applicable security or otherwise charge the Owner for an amount sufficient to defray the entire cost of the work, including legal and administrative costs. If the amount charged is not paid by the Owner within 30 days following a demand in writing by the Village for payment, the charge, together with interest and costs of collection (including attorneys' fees), shall

become a lien against the Lot on which the work was performed, and the Village shall have the right to collect the charge, with interest and costs, and to enforce the lien in the same manner as mortgage and other liens on real property.

K. Sanitary Sewer Service. The Village represents and warrants that it presently has an agreement with Lake County, Illinois in which it has the right to approve all connections to the sanitary sewerage system of the County to which the Property and Contiguous Property might be connected. The Village agrees that it will approve any request to the County by the Owner or Developer to connect the residential units allowed under this Agreement to the County's sanitary sewerage system and otherwise reasonably cooperate with the Owner and Developer for such purpose.

Q. Removal of Hardscape. The Preliminary Subdivision Plat designates a certain area for a potential highway taking. While certain portions of this area are presently covered by sidewalks, concrete or other hard surfaces ("**Hardscape Surfaces**"), neither the Developer nor the Owner shall be required to remove or modify the Hardscape Surfaces except to the extent necessary for stormwater management conduits or the installation of other Property Improvements.

SECTION 9. DAMAGE TO PUBLIC PROPERTY.

The Owner shall maintain the Property in a good and clean condition at all times during development of the Property and construction of the Improvements. Further, the Owner shall promptly clean all debris deposited on any street, sidewalk or other public property in or adjacent to the Property by the Owner or any agent of or contractor hired by, or on behalf of, the Owner; and shall repair any damage that may be caused by the activities of the Owner or any agent of or contractor hired by, or on behalf of, the Owner.

SECTION 10. DEDICATIONS, DONATIONS, AND CONTRIBUTIONS.

A. Dedications. The Owner shall dedicate easements, and rights-of-way as required by this Agreement.

B. School and Park Dedications, Donations, and Contributions. The Owner shall comply with the school and park development impact fee requirements as contained in Chapter 9 of the Subdivision Ordinance.

C. Dedication Regarding Wetlands. The Owner shall dedicate land or a payment in anticipation of the future acquisition of and dedication of land as a part of the Owner's plan of wetland mitigation as required by Lake County Stormwater Management Commission or Lake County Watershed Development Ordinance.

D. No Other Dedications, Donations or Contributions. Except as required by this Section, the Owner shall not be required to make any dedication, donation or contribution to the Village in relation to the development of the Property and Contiguous Property, and, not in limitation of the foregoing, no donation of land from the Property or Contiguous Property shall be required by the Village.

E. Certain Recapture Payments. The Owner and Developer acknowledge a certain Recapture Agreement by and between the Village and Menard's, Inc., recorded with the Lake County Recorder of Deeds on June 22, 2007 as Document No. 6201441. Other than the preceding document, the Village City represents and warrants to Owner and Developer that the Village has not entered into any agreement or adopted any ordinance that will require Owner or Developer to pay any recapture fees for off-site sanitary sewer, water, stormwater management or other improvements as a result of the annexation of the Property to the City, as a result of the development of any portion of the Property or Contiguous Property or as a result of the connection of improvements constructed on any portion of the Property or Contiguous Property to off-site sanitary sewer, water, stormwater management or other improvements.

F. Recapture Agreement for Benefit of Developer. If requested by Developer the City shall promptly approve, execute and enforce a recapture agreement that substantially conforms to the recapture agreement attached hereto as **Exhibit L ("Sewer Recapture Agreement")** so as to further Developer's recapture of a proportionate amount of the costs of constructing and oversizing sanitary sewer improvements from owners and developers of other properties that may benefit from the construction of such improvements. The Village shall use its best efforts (including, at Developer's request and expense, the exercise of the Village's powers of eminent domain) to obtain all easements needed to construct the sanitary sewer improvements depicted on the Preliminary Engineering Plans.

G. Special Assessments And Taxation. Without the prior written consent of Developer, the Village shall not: (i) levy against any real or personal property within the Property or Contiguous Property, any special assessment or special tax for the cost of any improvements in or for the benefit of the Property or Contiguous Property; (ii) undertake any local improvements in, on or for the benefit of the Property or Contiguous Property pursuant to the imposition of a special assessment or special tax against the Property or Contiguous Property, or any portion thereof; or (iii) levy or impose additional taxes on the Property or Contiguous Property, in the manner provided by law for the provision of special services to the Property or to an area in which the Property or Contiguous Property is located or for the payment of debt incurred in order to provide such special service. Nothing in this Article XXII shall prevent the Village from levying or imposing additional taxes upon the Property in the manner provided by law, which are applicable to and apply equally to all other properties within the Village.

H. Condemnation. The Village agrees that, without the written consent of the Developer, it shall not take any condemnation actions against the Property or Contiguous Property, or any portion thereof, nor consent to or otherwise approve any condemnation claims or proceedings which affect the Property or Contiguous Property, or any portion thereof, by any state, county, township or any other governmental entity having condemnation authority and jurisdiction over the Property, or any private association.

SECTION 11 . PAYMENT OF VILLAGE FEES AND COSTS.

A. General Requirements. In addition to any other costs, payments, fees, charges, contributions or dedications required by this Agreement, the Owner, as applicable, with respect to each of the Owner's respective parcels, shall pay to the Village, as and when due, all application, inspection and permit fees, all water and sewer general and special connection fees, tap-on fees, charges and contributions, and all other fees, charges and contributions required by applicable Village codes, ordinances, resolutions, rules or regulations as such are in existence as of the date of this Agreement or are promulgated as required by this Agreement.

B. Special Requirements. In addition to any other costs, payments, fees, charges, contributions or dedications required by this Agreement or by applicable Village codes, ordinances, resolutions, rules or regulations, the Owner shall pay to the Village, immediately upon presentation of a written demand or demands therefor, all reasonable legal, engineering and other consulting fees, costs and expenses incurred or accrued in connection with the review and processing of plans for the development of the Property and in connection with the negotiation, preparation, consideration and review of this Agreement. Payment of all such fees, costs and expenses for which demand has been made, but payment has not been received, by the Village prior to execution of this Agreement shall be made by a certified or cashier's check immediately upon execution of this Agreement by the Village.

SECTION 12. PERFORMANCE SECURITY.

A. Performance and Payment Security; Cash Bond.

i. Performance and Payment Letter of Credit or Bonds. As security to the Village for the performance by the Owner of the Owner's obligations to construct and complete the Property Improvements pursuant to and in accordance with this Agreement, the Owner shall deposit with the Village one of the following:

- a. a performance and payment letter of credit ("**Performance and Payment Letter of Credit**") in a total amount equal to 110% of the estimate of the costs of construction and completion of the Project Improvements as determined by the Village Engineer ("**Approved Cost Estimate**"), plus 15% of the estimated costs of constructing and completing the Structural Improvements. Owner may deliver separate Performance and Payment Letters of Credit for each of the Public Improvements, the Private Improvements, and the Structural Improvements; or
- b. a performance bond and a payment bond ("**Performance Bond**" and "**Payment Bond**," respectively), each in an amount equal to 110% of the

total amount of the bid or bids accepted by the Owner and confirmed by the Village Engineer for the construction and completion of the Project Improvements ("**Approved Bid Amount**"), plus 110% of the estimated costs of constructing and completing the Structural Improvements. Owner may deliver separate Performance Bond and Payment Bonds for each of the Public Improvements, the Private Improvements, and the Structural Improvements. (The letter of credit or bonds referenced in this Subsection 12.A.i shall be referred to from time-to-time as the "**Performance and Payment Security**").

ii. Cash Deposit. In addition to the Performance and Payment Security, and as security to the Village for the performance by the Owner of the Owner's obligations (1) to pay all Village fees, costs, and expenses due from the Owner pursuant to this Agreement, (2) to maintain and repair streets, sidewalks, and other public property pursuant to this Agreement, (3) to restore property pursuant to Section 8J of this Agreement, and (4) to otherwise faithfully perform its undertakings pursuant to this Agreement except for the construction and completion of the Property Improvements, the Owner shall deposit with the Village Manager cash ("**Cash Deposit**") in the amount of 20% of the Approved Cost Estimate or the Approved Bid Amount, whichever is applicable; provided, however, that if the Owner deposits a Performance and Payment Letter of Credit pursuant to Section 12Ai of this Agreement, the Owner may satisfy 50% of the required Cash Deposit with an additional letter of credit and the remaining 50% of the required Cash Deposit with a Cash Deposit.

iii. Maintenance of Security. The deposit of the Performance and Payment Security and the Cash Deposit shall be a condition precedent to the effectiveness of the Village approval of the Final Plat. At any time after satisfactory completion of 50 percent of the Project Improvements, as determined by the Village Engineer, the President and Village Board of the Village may reduce the amount of the required Cash Deposit in their sole and absolute discretion; provided, however, that the Cash Deposit shall not be reduced to an amount less than 10% of the Approved Cost Estimate or the Approved Bid Amount, whichever is applicable. The Performance and Payment Security and the Cash Deposit shall be maintained and renewed by the Owner, and shall be held in escrow by the Village, until approval and acceptance, where appropriate, of all the Project Improvements by the Village pursuant to Section 8 of this Agreement and until the posting of the Guaranty Letter of Credit required by Section 12B below. After the acceptance and posting of the Guaranty Letter of Credit, the Village shall release the Performance and Payment Security and any amounts remaining in the Cash Deposit.

B. Guaranty Letter of Credit. As a condition of the Village's approval and acceptance, where appropriate, of any or all of the Project Improvements pursuant to Section 8 of this Agreement, the Owner shall post a letter of credit in the amount of 20% of the actual total cost of the Project Improvements (as certified by the Owner's engineer and approved by the Village Engineer) as security for the performance of the Owner's obligations under this Agreement ("**Guaranty Letter of Credit**"). The Guaranty Letter of Credit shall be held by the Village in escrow until the end of the one-year guaranty period set forth in Section 8H of this Agreement or until one year after the proper correction of any defect of deficiency in the Project Improvements pursuant to Section 8H and payment thereof, whichever occurs later; provided, however, that the Guaranty Letter of Credit shall be maintained for a period of two years for all landscaping and tree Public Improvements, beginning from the date of final acceptance by the Village. If the Village is required to draw on the Guaranty Letter of Credit by reason of the

Owner's failure to fulfill its obligations under this Agreement, then the Owner, within 30 days thereafter, shall cause the Guaranty Letter of Credit to be increased to its full original amount.

C. Interests and Costs. The Owner shall not be entitled to interest on the Cash Deposit. The Owner shall bear the full cost of securing and manufacturing the Performance and Payment Security and the Guaranty Letter of Credit.

D. Form of Bond, Letters of Credit. The Performance and Payment Security and the Guaranty Letter of Credit each shall be in a form satisfactory to the Village Attorney.

i. Performance Bond and Payment Bond. The Performance Bond and the Payment Bond each shall be in substantially the form attached to this Agreement as **Exhibit M-1** and shall be from a surety company acceptable to the Village and licensed to do business in the State of Illinois. The penal sum of the Performance Bond and the Payment Bond shall not be reduced by reason of any Property Improvement work satisfactorily completed and shall include attorney's fees, court costs, and administrative and other expenses necessarily paid or incurred in successfully enforcing performance of the obligation of the surety under the Performance Bond and the Payment Bond. No changes, modifications, alterations, omissions, deletions, additions, extensions of time, or forbearances on the part of either the Village or the Owner to the other in or to the terms of this Agreement; in or to the schedules, plans, drawings, or specifications for the Property Improvements; in or to the method or manner of performance of the Property Improvement work; or in or to the mode or manner of payment therefor, shall operate in any way to release the Owner or the surety or affect the obligation of either of them under the Performance Bond and the Payment Bond and all notice of any and all of the foregoing changes, modifications, alterations, omissions, deletions, additions, extensions of time, or forbearances, and all notice of any and all defaults by the Owner, shall be waived by the surety under the Performance Bond and the Payment Bond.

ii. Letter of Credit. Each letter of credit, whether the Performance and Payment Letter of Credit, the letter of credit permitted pursuant to Section 12Aii, or the Guaranty Letter of Credit, shall be in substantially the form attached to this Agreement as **Exhibit M-2** and shall be from a bank acceptable to the Village and having capital resources of at least \$50,000,000, with an office in the Chicago Metropolitan Area and insured by the Federal Deposit Insurance Corporation. Each letter of credit shall, at a minimum, provide that (a) it shall expire no earlier than the later of one year following the date of its issuance or 75 days after delivery to the Village, in the manner provided in Section 17 of this Agreement, of written notice that the letter of credit will expire, (b) it may be drawn on based upon the Village Manager's certification that the Owner has failed to fulfill any of the obligations for which the letter of credit is security, as stated in Sections 12A and 12B above as well as for the reasons stated in the final sentence of Section 12E below, (c) it shall not require the consent of the Owner prior to any draw on it by the Village, (d) it shall not be canceled without the prior written consent of the Village, and (e) if at any time it will expire within 75 or any lesser number of days, and if it has not been

renewed, and if any obligation of the Owner for which it is security remains uncompleted or unsatisfactory, then the Village may, without notice and without being required to take any further action of any nature whatsoever, call and draw down the letter of credit and thereafter either hold all proceeds as security for the satisfactory completion of all obligations or employ the proceeds to complete all obligations and to reimburse the Village for any and all costs and expenses, including legal fees and administrative costs, incurred by the Village, as the Village shall determine. Upon completion of the Owner's obligations to construct and complete the Property Improvements pursuant to and in accordance with this Agreement, and after reimbursement of the Village for all costs and expenses, including legal fees and administrative costs, incurred by the Village, then the Village shall release to the Owner any proceeds remaining on deposit with the Village drawn from the letter of credit.

The Performance and Payment Letter of Credit may provide that the aggregate amount of the letter of credit may be reduced upon joint written direction by the Owner and the Village to reimburse the Owner for payment of Project Improvement work satisfactorily completed. No reduction to reimburse the Owner for payment of Project Improvement work satisfactorily completed shall be allowed except upon presentation by the Owner of proper contractors' sworn statements, partial or final waivers of lien, as may be appropriate, and all additional documentation as the Village may reasonably request to demonstrate satisfactory completion of the Project Improvement in question and full payment of all contractors, subcontractors, and material suppliers.

The Guaranty Letter of Credit shall not be reduced by reason of any cost incurred by the Owner to satisfy its obligations under Sections 10 or 11 of this Agreement.

E. Replenishment of Security. If at any time the Village determines that the funds remaining in the Cash Deposit and the Performance and Payment Security are not sufficient to pay in full (i) the remaining unpaid cost of all Project Improvements, (ii) the costs of demolition or making safe of any Structural Improvements that are in violation of the Requirements of Law or that are incomplete or abandoned so as to create any hazard to the public health, safety, or welfare, and (iii) all unpaid or reasonably anticipated Village fees, costs, and expenses, or that the funds remaining in the Guaranty Letter of Credit are not, or may not be, sufficient to pay all unpaid costs of correcting any and all defects and deficiencies in the Project Improvements and all unpaid or reasonably anticipated Village fees, costs, and expenses, then, within 30 days after a demand by the Village, the Owner shall increase the amount of the Cash Deposit or the appropriate bond or letter of credit to an amount determined by the Village to be sufficient to pay unpaid fees, costs, and expenses. Failure to so increase the amount of the security shall be grounds for the Village to receive the proceeds of, or to draw down, as the case may be, the entire remaining balance of the appropriate bond or letter of credit. Upon completion of the Owner's obligations to construct and complete the Project Improvements pursuant to and in accordance with this Agreement, and after reimbursement of the Village for all fees and all costs and expenses, including legal fees and administrative costs, incurred by the Village, then the Village shall release to the Owner any remaining Cash Deposit and any proceeds remaining on deposit with the Village from any bond or letter of credit.

F. Replacement Bond, Letters of Credit. If at any time the Village determines that the surety company issuing the Performance and Payment Bonds is not licensed to do business in the State of Illinois, or the bank issuing either the Performance and Payment Letter of Credit or the Guaranty Letter of Credit is without capital resources of at least \$50,000,000, or if at any time the Village determines that the surety company or bank is unable to meet any federal or state requirement for reserves, is insolvent, is in danger of becoming any of the foregoing, or is otherwise in danger of being unable or unwilling to honor the bond or letter of credit at any time during its term, or if the Village otherwise reasonably deems itself to be insecure, then the Village shall have the right to demand that the Owner provide a replacement bond or letter of credit, as the case may be, from a surety company or bank meeting the requirements set forth in this Agreement.

The replacement bond or letter of credit shall be deposited with the Village not later than 30 days after a demand. Upon deposit, the Village shall surrender the original bond or letter of credit to the Owner. Failure to provide a replacement bond or letter of credit shall be grounds for the Village to receive the proceeds of, or to draw down, as the case may be, the entire remaining balance of the appropriate bond or letter of credit.

The proceeds received or drawn down by the Village from any bond or letter of credit pursuant to this Subsection 12F shall be held by the Village as part of, and subject to the provisions of this Agreement relating to, the Cash Deposit. The Owner: (1) agrees that the proceeds received or drawn down by the Village from any bond or letter of credit are received as additional security for the performance by the Owner of each and every obligation of the Owner pursuant to this Agreement, including without limitation the construction and completion of the Improvements; (2) waives the benefit of, and all right to assert any claims pursuant to or under, Section 3 of the Public Construction Bond Act, 30 ILCS 550/3; and (3) releases the Village from, agrees that the Village shall not be liable for, and agrees to indemnify and hold the Village harmless from, any claims, litigation, and liability asserted by or behalf of the Owner or Developer that are occasioned by, connected with, or in any way attributable to any failure to comply with the requirements of Section 3 of the Public Construction Bond Act, 30 ILCS 550/3. Within ten days of the receipt of written request from the Village, the Owner shall file with the Village an enforceable written agreement, in form and substance satisfactory to the Village Attorney, reaffirming the above.

G. Use of Funds in the Event of Breach of Agreement. If the Owner fails or refuses to complete the Project Improvements in accordance with this Agreement, or fails or refuses to correct any defect or deficiency in the Project Improvements as required by Section 8H of this Agreement, or fails or refuses to restore property in accordance with a demand made pursuant to Section 8J of this Agreement, or fails or refuses to pay immediately any amount demanded by the Village pursuant to Section 11 of this Agreement, or in any other manner fails or refuses to meet fully any of its obligations under this Agreement, then the Village in its discretion, may retain all or any part of the Cash Deposit and/or initiate a claim against, or draw on, as the case may be, and retain all or any of the funds remaining in the appropriate bond or letter of credit. The Village thereafter shall have the right to exercise its rights under Subsections 8H and 8J of this Agreement, to take any other action it deems reasonable and appropriate to mitigate the effects of any failure or refusal, and to reimburse itself from the proceeds of the Cash Deposit and/or the appropriate bond or letter of credit for all of its costs and expenses, including legal fees and administrative expenses, resulting from or incurred as a result of the Owner's failure or refusal to fully meet its obligations under this Agreement. If the funds remaining in the Cash Deposit and/or the appropriate bond or letter of credit are insufficient to repay fully the Village for all costs and expenses, and to maintain a cash reserve equal to the required Guaranty Letter

of Credit during the entire time such Guaranty Letter of Credit should have been maintained by the Owner, then the Owner shall upon demand of the Village therefor immediately deposit with the Village any additional funds as the Village determines are necessary to fully repay such costs and expenses and to establish such cash reserve. In the event that any surplus funds remain after the Village has reimbursed itself from the proceeds of the Cash Deposit and/or the appropriate bond or letter of credit for all of its costs and expenses, including legal fees and administrative expenses, resulting from or incurred as a result of the Owner's failure or refusal to fully meet its obligations under this Agreement, then the Village shall pay such surplus to the Owner.

H. Village Lien Rights. If any money, property, or other consideration due from the Owner to the Village pursuant to this Agreement is not either recovered from the performance security deposits required in this Section 12 or paid or conveyed to the Village by the Owner within 30 days after a demand for payment or conveyance, then the money, or the Village's reasonable estimate of the value of the property or other consideration, together with interest and costs of collection, including legal fees and administrative expenses, shall become a lien upon all portions of the Property in which the Owner retains any legal, equitable, or contractual interest, and the Village shall have the right to collect the amount or value, with interest and costs, including legal fees and administrative expenses, and the right to enforce the lien in the same manner as in statutory mortgage foreclosure proceedings. In the event, but only in the event, of a sale or transfer of the Property pursuant to a decree of foreclosure or any other proceeding in lieu of foreclosure, such lien shall be subordinate to any first mortgage whether now or hereafter placed upon the Property. Any other sale or transfer shall not relieve the Property from liability for any charges hereafter becoming due, nor from the lien of any charge, except as otherwise provided by law.

SECTION 13. LIABILITY AND INDEMNITY OF VILLAGE.

A. Village Review. The Owner acknowledges and agrees that the Village is not, and shall not be, in any way liable for any damages or injuries that may be sustained as the result of the Village's review and approval of any plans for the Property or the Property Improvements, or the issuance of any approvals, permits, certificates, or acceptances, for the development or use of the Property or the Property Improvements, and that the Village's review and approval of any such plans and the Property Improvements and issuance of any such approvals, permits, certificates, or acceptances does not, and shall not, in any way, be deemed to insure the Owner, or any of its heirs, successors, assigns, tenants, and licensees, or any third party, against damage or injury of any kind at any time.

B. Village Procedure. The Owner acknowledges and agrees that all notices, meetings, and hearings have been properly given and held by the Village with respect to the approval of this Agreement and agrees not to challenge such approval on the grounds of any procedural infirmity or of any denial of any procedural right.

C. Indemnity. The Owner agrees to, and does hereby, hold harmless and indemnify the Village, the Corporate Authorities, and all Village elected or appointed officials, officers, employees, agents, representatives, engineers, and attorneys, from any and all claims that may be asserted at any time against any of such parties in connection with (i) the Village's review and approval of any plans for the Property or the Property Improvements; (ii) the issuance of any approval, permit, certificate, or acceptance for the Property or the Property Improvements; (iii) the development, construction, maintenance, or use of any portion of the Property or the Property Improvements by the Owner; (iv) the collection and distribution of amounts paid by the

Owner pursuant to Section 10 of this Agreement; and (v) the performance by Owner of its obligations under this Agreement.

D. Defense Expense. The Owner shall, and does hereby agree to, pay all expenses, including legal fees and administrative expenses, incurred by the Village in defending itself with regard to any and all of the claims referenced in Subsection 13.C of this Agreement.

SECTION 14 . NATURE, SURVIVAL, AND TRANSFER OF OBLIGATIONS.

All obligations assumed by the Owner under this Agreement shall be binding upon the Owner personally, upon any and all of the Owner's heirs, successors and assigns, and upon any and all of the respective successor legal or beneficial owners of all or any portion of the Property. To assure that all such heirs, successors, assigns and successor owners have notice of this Agreement and the obligations created by it, the Owner shall:

- i. Deposit with the Village Clerk, contemporaneously with the Village's approval of this Agreement, any consents or other documents necessary to authorize the Village to record this Agreement with the Lake County Recorder of Deeds; and
- ii. Notify the Village in writing when the Owner transfers a legal or beneficial interest in any portion of the Property to any party not a party to this Agreement; and
- iii. Incorporate, by reference, this Agreement into any and all real estate sales contracts entered into for the sale of all or any portion of the Property to any party not a party to this Agreement; and
- iv. Require, prior to the transfer of all or any portion of the Property, or any legal or equitable interest therein to any party not a party to this Agreement, the transferee of said portion of the Property to execute an enforceable written agreement, in substantially the form attached as **Exhibit N** to this Agreement, agreeing to be bound by the provisions of this Agreement ("**Transferee Assumption Agreement**"), and to provide the Village, upon request, with such reasonable assurance of the financial ability of such transferee to meet those obligations as the Village may require;

provided, however, that the requirements stated in the three preceding clauses shall not apply to any contract for, or transfer of, an individual lot, unit, or building or group of lots, units, or buildings for which all improvements have been completed and approved and, where appropriate, accepted pursuant to this Agreement. The Village agrees that upon a successor becoming bound to the personal obligation created in the manner provided in this Agreement and providing the financial assurances required herein, the personal liability of the applicable Owner shall be released to the extent of the transferee's assumption of such liability. The failure of the Owner to provide the Village with a fully executed copy of a Transferee Assumption Agreement and, if requested by the Village, with the transferee's proposed assurances of financial capability before completing any such transfer shall result in the Owner remaining fully liable for all of the Owner's obligations under this Agreement but shall not relieve the transferee of its liability for all such obligations as a successor to the Owner.

SECTION 15. TERM.

This Agreement shall be effective from its effective date for 20 years, or for the longest term allowed under Section 11-15.1-5 of the Illinois Municipal Code, 65 ILCS 11-15.1-5, or its successor statute. During the term of this Agreement, Owner shall not seek disconnection of the Property except upon the written consent of the Village's corporate authorities.

SECTION 16. ENFORCEMENT.

The parties to this Agreement may, in law or in equity, by suit, action, mandamus, or any other proceeding, including without limitation specific performance, enforce, or compel the performance of this Agreement; provided, however, that the Owner agrees that he will not seek, and does not have the right to seek, to recover a judgment for monetary damages against the Village or any elected or appointed officials, officers, employees, agents, representatives, engineers, or attorneys thereof, on account of the negotiation or execution of any of the terms and conditions of this Agreement. Notwithstanding the preceding sentence, in the event of a judicial proceeding brought by one party to this Agreement against the other party to this Agreement, the prevailing party in such judicial proceeding shall be entitled to reimbursement from the unsuccessful party of all costs and expenses, including reasonable attorneys' fees, incurred in connection with such judicial proceeding. In addition to every other remedy permitted by law for the enforcement of the terms of this Agreement, the Village shall be entitled to withhold the issuance of building permits or certificates of occupancy for any and all buildings, structures, or other Structural Improvements within the Property at any time when the Owner has failed or refused to meet fully any of its obligations under this Agreement.

In the event of a material breach of this Agreement, and so long as public health and safety are not jeopardized, the parties to this Agreement agree that any party alleged to be in breach shall have thirty (30) days after written notice of said breach to correct the same prior to the non-breaching Party's seeking any remedy (provided, however, that said thirty (30) day period shall be extended up to a total of sixty (60) days if the default cannot be cured within said thirty (30) day period and the defaulting Party has initiated the cure of said default and is diligently proceeding to cure the same).

SECTION 17. GENERAL PROVISIONS.

A. **Notice.** Any notice or communication required or permitted to be given under this Agreement shall be in writing and shall be delivered (i) personally, (ii) by a reputable overnight courier, (iii) by certified mail, return receipt requested, and deposited in the U.S. Mail, postage prepaid, (iv) by facsimile, or (v) by electronic internet mail ("e-mail"). Facsimile notices shall be deemed valid only to the extent that they are (a) actually received by the individual to whom addressed and (b) followed by delivery of actual notice in the manner described in either (i), (ii) or (iii) above within three business days thereafter at the appropriate address set forth below. E-mail notices shall be deemed valid and received by the addressee thereof when delivered by e-mail and (a) opened by the recipient on a business day at the address set forth below, and (b) followed by delivery of actual notice in the manner described in either (i), (ii) or (iii) above within three business days thereafter at the appropriate address set forth below. Unless otherwise expressly provided in this Agreement, notices shall be deemed received upon the earlier of (a) actual receipt; or (b) one (1) business day after deposit with an overnight courier as evidenced by a receipt of deposit; or (b) three (3) business days following deposit in the U.S. mail, as

evidenced by a return receipt. By notice complying with the requirements of this Section, each party shall have the right to change the address or the addressee, or both, for all future notices and communications to such party, but no notice of a change of addressee or address shall be effective until actually received.

C. Rights Cumulative. Unless expressly provided to the contrary in this Agreement, each and every one of the rights, remedies and benefits provided by this Agreement shall be cumulative and shall not be exclusive of any other such rights, remedies and benefits allowed by law.

D. Non-Waiver. No party to this Agreement shall be under any obligation to exercise any of the rights granted to it in this Agreement. The failure by any party to this Agreement to exercise at any time any such right shall not be deemed or construed to be a

waiver thereof, nor shall such failure void or affect such party's right to enforce such right or any other right. No action taken by any party hereto to enforce this Agreement shall be deemed to constitute an election of remedies and all remedies set forth in this Agreement shall be cumulative and non-exclusive of any other remedy either set forth herein or available to any party at law or in equity.

E. Consents. Whenever the consent or approval of any party hereto is required in this Agreement such consent or approval shall be in writing and shall not be unreasonably withheld or delayed, and, in all matters contained herein, all parties shall have an implied obligation of reasonableness, except as may be expressly set forth otherwise. When any consent by the Developer is required or provided for herein, such reference shall mean the consent of the Developer, its successors, or its assignees of multiple residential lots when such lots represent all the remaining lots of the Developer ("**Developer Assignee**"), and after the Developer, its successors and Developer Assignees no longer own any of the Property or Contiguous Property, it shall mean the association of homeowners within the Property or Contiguous Property.

F. Governing Law. This Agreement shall be governed by, and enforced in accordance with the internal laws, but not the conflicts of laws rules, of the State of Illinois.

G. Severability. It is hereby expressed to be the intent of the parties hereto that should any provision, covenant, agreement, or portion of this Agreement or its application to any person, entity, or property be held invalid by a court of competent jurisdiction, the remaining provisions of this Agreement and the validity, enforceability, and application to any person, entity, or property shall not be impaired thereby, but such remaining provisions shall be interpreted, applied, and enforced so as to achieve, as near as may be, the purpose and intent of this Agreement to the greatest extent permitted by applicable law.

H. Entire Agreement. This Agreement constitutes the entire agreement between the parties and supersedes any and all prior agreements and negotiations between the parties, whether written or oral, relating to the subject matter of this Agreement.

I. Grammatical Usage and Construction. In construing this Agreement, feminine or neuter pronouns shall be substituted for those masculine in form and vice versa, and plural terms shall be substituted for singular and singular for plural, in any place in which the context so requires.

J. Interpretation. This Agreement shall be construed without regard to the identity of the party who drafted the various provisions of this Agreement. Moreover, each and every provision of this Agreement shall be construed as though all parties to this Agreement participated equally in the drafting of this Agreement. As a result of the foregoing, any rule or construction that a document is to be construed against the drafting party shall not be applicable to this Agreement.

K. Headings. The table of contents, heading, titles, and captions in this Agreement have been inserted only for convenience and in no way define, limit, extend, or describe the scope or intent of this Agreement.

L. Exhibits. Exhibits A through O attached to this Agreement are, by this reference, incorporated in and made a part of this Agreement. In the event of a conflict between an exhibit and the text of this Agreement, the text of this Agreement shall control.

M. Amendments and Modifications. No amendment or modification to this Agreement shall be effective unless and until it is reduced to writing and approved and executed by all parties to this Agreement in accordance with all applicable statutory procedures.

N. Changes in Laws. Unless otherwise explicitly provided in this Agreement, any reference to any Requirements of Law shall be deemed to include any modifications of, or amendments to federal and state laws, statutes, codes, rules and regulations. All laws, codes, ordinances, resolutions, rules and regulations of the Village in effect as of the date hereof shall continue in effect, insofar as they relate to the development of the Property, during the entire term of this Agreement, except as otherwise expressly provided herein and except to the extent of amendments mandated by State or Federal requirements. Notwithstanding the foregoing, the Developer may waive, in writing, the application of the preceding sentence to a specific amendment of a Village law, code, ordinance, resolution, rule or regulation, without waiving any rights as to any other or subsequent amendments. To the extent of any conflict, ambiguity, or inconsistency between the terms, provisions or standards contained in this Agreement and the terms, provisions or standards, either presently existing or hereafter adopted, contained in the Zoning Code, Subdivision Ordinance or any other Village law, code, ordinance, resolution, rule or regulation, the terms, provisions and standards of this Agreement shall govern and control.

O. Authority to Execute. The Village hereby warrants and represents to the Owner that the persons executing this Agreement on its behalf have been properly authorized to do so by the Corporate Authorities. The Owner hereby warrants and represents to the Village (i) that it is or will, concurrent with the annexation of the Property to the Village, become the record and beneficial owner of fee simple title to the Property, (ii) that no other person or entity has any legal, beneficial, contractual or security interest in the Property except for the holder of a first mortgage thereon; (iii) that it has the full and complete right, power and authority to enter into this Agreement and to agree to the terms, provisions and conditions set forth in and to bind the Property as set forth in this Agreement, (iv) that all legal actions needed to authorize the execution, delivery and performance of this Agreement have been taken, and (v) that neither the execution of this Agreement nor the performance of the obligations assumed by the Owner will (a) result in a breach or default under any agreement to which the Owner is a party or to which it or the Property is bound or (b) violate any statute, law, restriction, court order or agreement to which the Owner or the Property are subject.

P. Calendar Days and Time. Any reference herein to "day" or "days" shall mean calendar and not business days. If the date for giving of any notice required to be given hereunder or the performance of any obligation hereunder falls on a Saturday, Sunday or Federal holiday, then said notice or obligation may be given or performed on the next business day after such Saturday, Sunday or Federal holiday.

Q. No Third Party Beneficiaries. No claim as a third party beneficiary under this Agreement by any person, firm or corporation shall be made, or be valid, against the Village or the Owner.

R. Covenant Of Cooperation. The parties to this Agreement shall do all things necessary or appropriate to carry out the terms and provisions of this Agreement and to aid and assist each other in carrying out the terms and objectives of this Agreement and the intentions of the parties as reflected by said terms, including, without limitation, the giving of such notices; the holding of such public hearings, the enactment by the Village of such resolutions and ordinances and the taking of such other actions as may be necessary to enable the parties' compliance with the terms and provisions of this Agreement and as may be necessary to give effect to the terms and objectives of this Agreement and the intentions of the parties as reflected by said terms.

S. Nullification of Agreement. This Agreement, in its entirety, together with the related petitions for annexation, rezoning and planned unit development, and any approvals granted to date, in the discretion of the Developer, shall be null and void, and of no force and effect unless within thirty (30) days from the execution of this Agreement the Property is annexed in its entirety, the Property and Contiguous Property are zoned in accordance herewith, the PUD Ordinance is adopted and the Preliminary Subdivision Plat is approved.

RECAPTURE AGREEMENT

THIS RECAPTURE AGREEMENT ("**Agreement**") this _____ day of _____, 2015 between the VILLAGE OF LONG GROVE, an Illinois municipal corporation ("**Village**"), and KC1, Inc., an Illinois corporation ("**Owner**"). In consideration of the recitals and mutual covenants and agreements set forth below, the parties hereby agree as follows:

RECITALS

Owner is the owner, subdivider and developer of the real property located at the southwest corner of North Old Hicks Road and West Dorothy Lane, Long Grove, Illinois, and legally described in Exhibit 1 attached to this Agreement ("**Property**").

As described in that certain Annexation and Development Agreement between the Village of Long Grove Therese R. Iverson, as Trustee, or her successors in trust, under the Therese R. Iverson Living Trust, dated February 11, 2010, and amended, Therese R. Iverson, individually, and KC1, Inc., dated _____, 2015 (the "**Annexation Agreement**"), which Annexation Agreement sets forth the terms for developing the Property as a planned unit development, Owner is required to construct and install sanitary sewer improvements on the Property ("**Improvements**"), as depicted on the plan for the Improvements attached to this Agreement as Exhibit 2 ("**Plan**").

The Improvements are intended to be and will be designed and constructed not only to serve the Property, but also to serve other properties in the vicinity of the Property, which properties are identified in Exhibit 3 attached to this Agreement (collectively, the "Benefited Properties" and individually, a "Benefited Property").

Owner has agreed, upon completion of construction and installation of the Improvements, to convey all right, title and interest in and to the Improvements to the Village and the Village has agreed to accept all right, title and interest in and to the Improvements.

Section 8-3-2 of the Long Grove Village Code, Resolution No. 84-R-11, and the Long Grove Comprehensive Plan all provide that individual on-site sanitary systems (septic field systems) are preferred for all residential uses and that sanitary sewers shall only be utilized when they are necessary from a health and welfare standpoint, subject to meeting certain standards contained in these documents. Accordingly, this Agreement does not and shall not obligate the Village to approve any request from the Benefitted Properties for connection to the Improvements.

Pursuant to the provisions of the Illinois Municipal Code that relate to the financing of public improvements (65 ILCS 5/9-5-1 and 5/9-5-2), other applicable Illinois law, the terms of this Agreement and the terms of the Annexation Agreement, the Village desires to (i) assess a fee upon the owners of the Benefited Properties that fairly and equitably apportions the cost of the Improvements among the owners of the Benefited Properties, including the Property, and (ii) remit those fees to the Owner as reimbursement for the funds expended in connection with the construction of the Improvements.

The Improvements have been designed to: 1) include a total of _____ linear feet of sanitary sewer conduit, of which _____ linear feet is necessary to service the Property and _____ linear feet is necessary to service the Benefitted Properties, and 2) provide a minimum capacity of: _____ P.E.'s of sanitary sewer service, of which only _____ P.E.s of sanitary sewer service would be required exclusively for the Property and _____ P.E.'s of sanitary sewer service is for the benefit of the Benefitted Properties. For purposes of this Agreement, "P.E.", which stands for "Population Equivalent", shall have the meaning set forth from time to time at 35 Illinois Admin. Code 301.345.

Based on the review and approval of the Village Engineer, the parties hereto estimate that the Owner will expend \$ _____ in connection with the construction of the Improvements, as detailed on Exhibit 4 attached to this Agreement, which costs will benefit the Property and the Benefitted Properties ("**Estimated Cost**"). The parties also agree that the amount of recapture provided for herein shall be based upon the "Certified Cost" (as hereinafter defined) to Owner of constructing the Improvements.

DEDICATION OF IMPROVEMENTS AND RECORDATION

Dedication of Public Improvements. Upon completion of the Improvements to the satisfaction of the Village, the Owner agrees to dedicate to the Village the Improvements. The Owner's satisfaction of the obligations in this Section 2 shall be prerequisites to the Village's performance under this Agreement.

Recordation. After the acceptance by the Village of the Improvements to be so dedicated, the Village shall record this Agreement with the Office of the Lake County Recorder.

CALCULATION AND PAYMENT OF RECAPTURE

Certified Cost. The "**Certified Cost**" of constructing the Improvements shall mean the actual cost that the Owner incurs or has incurred in engineering, constructing and providing for the operation of the Improvements, as certified by the Owner to the Village and reasonably approved by the Village Engineer. The Certified Cost shall include, but not be limited to, the following: (i) the engineering expense for preparation of the plans and specifications for the Improvements; (ii) the expense of supervising the construction of the Improvements; (iii) any other engineering costs and expenses incurred with respect to the Improvement by the Village and the Owner; (iv) legal fees incurred by the Owner after the date of this Agreement in connection with the construction of the Improvements; (v) the total face amount of any and all contracts and agreements entered into by or on behalf of the Owner for the construction of the Improvements and all authorized extra expenditures made pursuant thereto, including, without limitation, any and all reasonable interest which may accrue on payments due under such contracts; (vi) any and all permit fees, plan review and inspection fees (including those paid in connection with the construction of the Improvements), and other fees with respect to the Improvements imposed or collected by the Village or any other governmental agencies having jurisdiction over the Property and the Benefited Properties; (vii) any and all sums of money paid by the Owner as and for reasonable interest on a construction or interim loan obtained in connection with the construction of the Improvements; and (viii) any and all costs and expenses paid or incurred by the Owner in connection with the repair or replacement of the Improvements prior to the Village's acceptance of the same.

Allocation of Costs. The cost of the Improvements shall be allocated between the Property and the Benefited Properties, with the allocation being estimated to be equal to \$_____ for each P.E. that is developed within the Benefited Property based upon the Estimated Cost, which amount shall be finally determined based upon the Certified Cost ("**Recapture Amount**"). The number of P.E.'s anticipated to be generated by each of the Benefited Properties shall be determined as follows: (i) each detached single-family dwelling unit existing or to be constructed shall be assumed to generate 3.5 P.E.; (ii) each attached single-family dwelling unit or multiple-family dwelling unit existing or to be constructed shall be assumed to generate 2.8 P.E.; and (iii) each acre of land developed or to be developed with commercial, industrial or other uses shall be assumed to generate 10.0 P.E. per acre. Fractional P.E.'s shall be rounded up to the nearest whole number for purposes of undertaking the aforesaid calculations.

Recapture Fee. The Owner shall have the right to be reimbursed the portion of the Certified Cost allocable to the Benefited Property through the collection of a Recapture Fee (as hereinafter defined) from the owners and developers of Benefited Property who connect improvements located on their land to the Improvements. The owner or the developer of the Benefited Property, or any portion thereof, seeking to connect to the Improvements shall be required to pay a recapture fee equal to (i) the Recapture Amount, plus (ii) simple interest on the Recapture Amount calculated at a rate of two percent (2%) above the Prime Rate of Interest, with the "Prime Rate of Interest" meaning that rate of interest announced from time to time in Chicago, Illinois by Bank of America as its so-called "prime" or "base" rate of interest, computed from the date of acceptance of the Improvements by the Village until the date of payment of the Recapture Fee; (iii) the proportion of all administrative, engineering, and legal expenses incurred by the Village in connection with the review, drafting, and processing of documents related to this Agreement equal to the proportion that the Recapture Amount bears to the Certified Cost, and (iv) a collection charge of three percent of items (i) and (ii) above (collectively, the "Recapture Fee"). The Recapture Fee shall be paid by the owner or the developer of the Benefited Property seeking to connect to the Improvements upon the earlier of either: (x) the connection of that Benefited Property to the Improvements; or (y) the recordation of a final plat of subdivision for a Benefited Property; or (z) the issuance of any building permit for a Benefited Property. For purposes of this Subsection C, (1) the Prime Rate of Interest, for purposes of determining the amount of interest coming due on each Recapture Fee, shall be adjusted annually to the Prime Rate of Interest existing on January 2 of each year following the date of the Village's acceptance of the Improvements (an "Adjustment Date"); and (2) if the Prime Rate of Interest on any Adjustment Date exceeds eleven percent (11%), then the rate of interest applied to Recapture Fees for that year shall be eleven percent (11%) per annum.

Payment to the Owner. Subject to the provisions of Section 5 of this Agreement, within 45 days after receipt of the Recapture Fee from the owner or the developer of any portion of the Benefited Property, the Village shall pay to the Owner an amount equal to the Recapture Amount plus the amount of such Recapture Fee attributable to interest accrued pursuant to Subsection C above.

Personal Right to Reimbursement. The right to receive reimbursement of the Recapture Amount, plus any interest thereon or other amounts authorized under this Agreement, as well as all other rights, responsibilities, and remedies under this Agreement, are the personal rights, responsibilities, and remedies of the Owner and shall not run with the ownership of the Property.

Payment of Estimated Cost. If a Benefited Property becomes subject to the payment of a Recapture Fee hereunder and the Certified Cost is not then known by the parties hereto, then such payment shall be based upon the Estimated Cost, and such payment shall be subject to reparation (and refund to or additional payment by the payor of such Recapture Fee, as appropriate) once the Certified Cost of constructing the Improvements is known by

the parties hereto. If such fee payor fails or refuses to pay any additional payment of a Recapture Fee that such fee payor is required to pay, then the Owner shall have the right to maintain an action at law for the collection of such additional payment and to file a lien against the Benefited Property owned or being developed by such fee payor in the amount of the unpaid Recapture Fee, and to foreclosure such lien in the manner provided by law for the foreclosure of judgment liens.

RIGHT TO CONNECT

Requirements for Connection. The Benefited Properties shall only be allowed to connect to the Improvements in accordance with the Village Code and all applicable ordinances, rules, and regulations of the Village relating to that connection, including without limitation the payment of any costs and charges ordinarily imposed by the Village and the payment of the Recapture Fee in accordance with this Agreement. The Village agrees that none of the Benefited Properties shall be entitled to connect to the sanitary sewer system except through the Improvements.

Payment of Recapture Fee. The Village agrees that any annexation, pre-annexation or other agreement related to the development of land entered into after the date of this Agreement with any owner or developer of any of the Benefited Properties that are not now within the corporate limits of the Village shall contain specific provisions requiring said owner or developer to pay such owner's or developer's proportionate share of the Recapture Fees and interest herein provided for, to the extent that they elect to connect their properties to the Improvements, and waiving any right to contest the legality or enforceability of: (i) this Agreement, and (ii) their obligation to pay such Recapture Fees and interest in the event of such connection.

VILLAGE'S COLLECTION OF RECAPTURE FEES; LIMITATIONS OF VILLAGE OBLIGATIONS

Village as Collection Agent. The Village shall act as a collection agent for the Owner under the terms of this Agreement, and the Village shall have no obligation to deliver any Recapture Amount to the Owner except to the extent that the owner or the developer of the Benefited Property pays the Recapture Fee and any applicable interest (or portion thereof) to the Village. The Village shall have the right to retain from the amounts collected the difference between the Recapture Fee and the Recapture Amount plus interest ("**Village Administrative and Collection Amount**"). In the event that the owner or the developer of the Benefited Property pays less than the full Recapture Fee, then such Recapture Fee shall be deemed to have been a payment in equal proportion of the Recapture Amount and the Village Administrative and Collection Amount.

Reimbursements to the Owner. Any Recapture Amounts (and interest thereon) collected by the Village shall be reimbursed to the Owner within 45 days after receipt thereof.

Collection Actions. In the event that the owner or developer of the Benefited Property fails to pay the Recapture Fee and applicable interest when due pursuant to Subsection 3.C of this Agreement, the Village shall notify the Owner of such failure ("**Non-Payment Notice**"). Thereupon, the Village may, but is not in any way obligated to, undertake such actions as it deems appropriate to seek collection of the unpaid Recapture Fee unless the Owner notifies the Village within 35 days after the Non-Payment Notice that it shall pursue collection efforts directly ("**Enforcement Notice**"). If the Village or the Owner pursues collection actions under this Section, the Village or the Owner shall be entitled to recover from the owner or the developer of the Benefited Property reasonable expenses incurred (including attorneys' fees) in collecting the Recapture Fee ("**Collection Expenses**"). To the extent the recovery from any collection action is less than the total of the Recapture Fee, interest, and Collection Expenses, then such recovery shall be deemed to have been a payment in equal proportion of the Collection Expenses and the Recapture Fee.

Limitations on Connection and Development of Benefited Property.

Subject to the limitations contained in Subsection 5.E of this Agreement, the Village agrees that if the Recapture Fee due for a Benefited Property has not been paid, then no Benefited Property shall be permitted or authorized to (i) connect such Benefited Property to the Improvements, (ii) have the final plat of subdivision recorded for such Benefited Property, or (iii) have any building permit issued for such Benefited Property. Both the Village and the Owner shall have the right to enforce this Subsection 5.D, which right shall include the Owner's right to enjoin the connection of the Benefited Property to the Improvements, the recordation of a final plat of subdivision, or the issuance of a building permit, which the Village agrees not to oppose.

Limitation on Village Enforcement Responsibility.

The Village's failure either to collect or to pursue a collection action for recovery of Recapture Fees, or to impose the limitations on connection, subdivision or permitting of property improvements set forth above in Section 5.D. hereof, shall not be a breach of the Village's obligations under this Agreement. The Owner shall have no cause of action in either law or equity to compel the Village to enforce the terms of this Agreement against any Benefited Property in the event the owner or the developer of the Benefited Property fails to pay the Recapture Fee, or any portion of the Recapture Fee, for any reason whatsoever; provided, however, that, subject to the delivery of an Enforcement Notice pursuant to Subsection 5.C, the Owner shall have the right, but not the obligation, to seek enforcement of this Agreement in either law or equity against any owner or the developer of the Benefited Property on behalf of itself and the Village.

LIMITATION ON VILLAGE'S OBLIGATION REGARDING FEES

The Village's obligation to deliver to the Owner the Recapture Amount collected pursuant to this Agreement constitutes a limited obligation of the Village. This obligation does not, and will never, constitute a general indebtedness of the Village within the meaning of the Illinois constitutional or statutory provisions and shall not give rise to any pecuniary liability of the Village or a charge against its general credit or taxing power.

INDEMNIFICATION

The Owner shall, and does hereby agree to, hold harmless and indemnify the Village, its corporate authorities, and all of the Village's elected or appointed officials, officers, employees, agents, representatives, engineers, and attorneys, from any and all claims that may be asserted at any time against any of these parties in connection with this Agreement. The Owner shall, and does hereby agree to, pay all expenses, including legal fees and administrative expenses, incurred by the Village in defending itself with regard to any and all of the claims indemnified under this Section 7.

BOOKS AND RECORDS

The Village shall maintain complete books and records showing all Recapture Fees (including interest) collected by it pursuant to this Agreement, as well as books and records regarding reimbursement payments, administrative and collection amounts, and Collection Expenses as provided for in this Agreement. The Owner shall maintain complete books and records showing all Approved Total Costs, as well as Recapture Fees (including interest) and Collection Expenses relating to any enforcement action brought by the Owner pursuant to Section 5 of this Agreement.

DEFAULT; REMEDIES

Default. In the event of any default by any party under this Agreement, the non-defaulting party, or parties, shall promptly notify the defaulting party of the default, and the defaulting party shall thereafter have 30 days within which to cure the default. The 30-day period shall be extended if the defaulting party has promptly initiated the cure of the default and is diligently pursuing the cure to completion. If the defaulting party has not effected a cure within the 30-day period (as it may be extended pursuant to this paragraph), the non-defaulting party, or parties, may seek any remedies in accordance with this Agreement.

Remedies. The parties to this Agreement may in law or in equity enforce or compel the performance of this Agreement, and shall otherwise have all remedies provided by applicable laws, except that the Owner shall not seek or recover monetary damages against the Village or any of its officers, officials, agents, representatives, attorneys, or employees on account of the negotiation, execution, or breach of any of the terms and conditions of this Agreement, other than recovery of Recapture Amounts and applicable interest collected by the Village under this Agreement. Notwithstanding this limitation on money damages, the prevailing party in any judicial or administrative proceeding brought for enforcement or breach of any provision of this Agreement shall be entitled to reimbursement from the unsuccessful

party of all costs and expenses, including reasonable attorneys' fees, incurred in connection with the judicial or administrative proceeding.

Defense. The Village and the Owner shall each have the right, but not the obligation, to defend the validity of this Agreement against any challenge.

Rights Cumulative. Unless expressly provided to the contrary in this Agreement, each and every one of the rights, remedies, and benefits provided by this Agreement shall be

cumulative and shall not be exclusive of any other rights, remedies, and benefits allowed by law.

Waiver. The Village and the Owner shall be under no obligation to exercise any of the rights granted to them in this Agreement except as either shall determine to be in its best interest from time to time. The failure of the Village or the Owner to exercise at any time any such rights shall not be deemed or construed as a waiver of that right, nor shall the failure void or affect the Village's or the Owner's right to enforce such rights or any other rights.

Governing Law. This Agreement shall be governed by, and enforced in accordance with, the internal laws, but not the conflicts of laws rules, of the State of Illinois.

Provisions Severable. It is hereby expressed to be the intent of the parties to this Agreement that should any provision, covenant, agreement, or portion of this Agreement or its application to any person, entity, or property be held invalid by a court of competent jurisdiction, the remaining provisions of this Agreement and the validity, enforceability, and application to any person, entity, or property shall not be impaired thereby, but the remaining provisions shall be interpreted, applied, and enforced so as to achieve, as near as may be, the purpose and intent of this Agreement to the greatest extent permitted by applicable law.

Entire Agreement. This Agreement constitutes the entire agreement between the parties and supercedes any and all prior agreements and negotiations between the parties, whether written or oral, relating to the subject matter of this Agreement.

Calendar Days and Time. Unless otherwise expressly provided to the contrary, any reference herein to "day" or "days" shall mean calendar and not business days. If the date for giving of any notice required to be given hereunder or the performance of any obligation hereunder falls on a Saturday, Sunday, or Federal holiday, then that notice or obligation may be given or performed on the next business day after that Saturday, Sunday, or Federal holiday.

Amendments and Modifications. No amendment or modification to this Agreement shall be effective until it is reduced to writing and approved and executed by all parties to this Agreement in accordance with all applicable statutory procedures.

Changes in Laws. Unless otherwise provided in this Agreement, any reference to the Village Code, State Law, or Federal Law shall be deemed to include any modifications of, or amendments to, such laws that may occur in the future.

Authority to Execute. The Village hereby warrants and represents to the Owner that the persons executing this Agreement on its behalf have been properly authorized to do so by the Corporate Authorities. The Owner hereby warrants and represents to the Village (i) that it has the full and complete right, power, and authority to enter into this Agreement and to agree to the terms, provisions, and conditions set forth in this Agreement, (ii) that all legal actions needed to authorize the execution, delivery, and performance of this Agreement have been taken, and (iii) that neither the execution of this Agreement nor the performance of the obligations assumed by the Owner will (a) result in a breach or default under any agreement to which the Owner is a party or (b) violate any statute, law, restriction, court order, or agreement to which the Owner is subject.

No Third Party Beneficiaries. No claim as a third party beneficiary under this Agreement by any person shall be made, or be valid, against the Village or the Owner.

Term. This Agreement shall remain in full force and effect until the earlier of (i) such time as the Recapture Fees (plus interest and other charges as provided in this Agreement) have been paid and delivered in accordance with the terms of this Agreement; or (ii) twenty years after the date of this Agreement. Notwithstanding the foregoing, the agreements, representations, and responsibilities set forth in Sections 2, 7, and 9 of this Agreement shall survive the termination periods set forth in this Section 10.P.

Recording. Upon the execution of this Agreement by the parties, the Village shall cause this Agreement to be duly recorded in the office of the Lake County Recorder. Upon the request of any owner or developer of a Benefited Property at any time after full payment has been made of the Recapture Fee and any interest or other charges due pursuant to this Agreement, the Village and the Owner agree to execute and deliver for recording a release of this Agreement as it affects such Benefited Property.
