

ITEM #3: For the ARCHITECTURAL COMMISSION; 8.15.16 @ 7:00 P.M.

REQUEST: Consideration of a request for signage for "How Impressive"; 309 Old McHenry Road within the B-1 Historic District, submitted by Roman Signs on behalf of Kristine Knutson.

HISTORY/STAFF REVIEW:

The property in question is located on the north side Old McHenry Road across the street from "The Popcorn Shoppe" and was formerly occupied by "Prairie Smoke" apparel.

As submitted, two signs are proposed. A free standing sign (double faced) to be mounted on painted (cool gray) 6" x 6" posts set in concrete and measuring 33"x 66" (15.1 sq. ft.) is proposed to be placed along the Old McHenry Road frontage. A second hanging sign (double faced), measuring 11" x 22" (1.6 sq. ft.) is proposed to be mounted to the from a black iron bracket to the northwest corner of the building. The ground sign will make of sandblasted wood with a white background, cool grey lettering & border (to match the posts) with pink flourishes. The hanging sign will be constructed of MDO board in a style and color scheme mirroring the free standing sign. Square footage of the commercial space for which the sign is being requested is approximately 1,100 square feet. For retail spaces containing 1,000 to 3,000 sq. ft. of floor area 20 square feet of signage may be allowed per the Village Zoning Code.

Based upon the total square footage of signage proposed (16.7 square feet +/-) the requested signage is within the square footage limits for the floor area at this location. Signage may be divided up between wall signs, hanging signs and freestanding signs but may not exceed the maximum allowable square footage as allocated by floor area.

SIGN REGULATIONS:

The following are excerpts of applicable portions of the Village Sign Ordinance:

E) Historic Business District Signs: Signs within the B1 historic business district must comply with the regulations of general applicability as set forth throughout this section, except as specifically set forth in this subsection (E). Signs within this area should reflect the historic and eclectic character of the historic business district and be integrated with the landscaping and architecture to the greatest extent possible. The following regulations apply to signs within the B1 historic business district:

1. Open Signs: A business may display one illuminated open sign, provided that such illuminated "Open" sign: a) is no more than one square foot in area, b) includes lighted white letters on an unlit background, c) does not exceed an illumination level of eight hundred forty (840) lumens, and d) otherwise complies with those provisions of subsection (D)1 of this section that are not inconsistent with this subsection (E)1, except that the approval of the architectural commission shall not be required. A business may not display a lighted open sign at times when the business is not open to the public for normal business.
2. Neon Illumination: Neon illumination of signs is only permitted: a) if neon is used as part of an "Open" sign that meets the requirements of subsection (E)1 of this section, or b) upon application and approval of a variation from the requirements of this code pursuant to subsection 5-11-15(E)1(c) of this title. For purposes of a request for a variation for neon sign illumination, a practical difficulty or particular hardship

may be found to exist when the neon illumination of signs would be traditionally appropriate for the nature of the business and if such proposed sign is appropriate to the architectural style or era of construction of the business.

3. Maintenance: If signs are not properly maintained they must be removed or replaced. Proper maintenance includes: a) repairing of any damage caused by weather or other impact, b) ensuring signs do not pose a hazard, or provide misleading information, to pedestrians or motorists, c) repairing cracks, fading, or general deterioration.
4. Materials: Signs should be constructed of high quality, long lasting and natural building materials, which may include painted wood, metal, or stone, but may not include particle board, plastic, or highly reflective metallic material unless expressly approved by the architectural commission.
5. Awnings: Businesses having awnings may include the business's name as copy along the lower edge or fringe of an awning, but any awning displaying such copy shall be considered a wall or canopy sign as allowed by subsection (E)7 of this section and included in the maximum sign area calculation for that location.
6. Flags: Flags, in good condition and totaling not more than fifteen (15) square feet per zoning lot or per principal structure, may be displayed.
7. Number: The limit of signs per business establishment is one ground sign, one nameplate sign, and one wall sign or one canopy sign. Such signs, singularly or in combination, shall not exceed the maximum permitted sign area.
8. Total Size: Except as otherwise authorized by variation pursuant to subsection [5-11-15\(E\)1\(c\)](#) of this title, the cumulative total square footage for all signs shall not exceed the following:

**MAXIMUM SIGN AREA PERMITTED IN THE
B1 BUSINESS ZONING DISTRICT
(In Square Feet)**

Total Area Of Business In Square Feet	B1 Setback (building and all signs) less than 50' from nearest edge of pavement of main roadway unless otherwise approved by architectural commission	B1 Setback (building and all signs) at least 50' from nearest edge of pavement of main roadway
1 - 1,000	12	16
1,001 - 3,000	20	26
3,001 - 5,000	30	38
5,001 or greater	30	38

Except as otherwise provided, square footage, for the purpose of this subsection (E), shall be calculated based on single sign face of any double faced sign.

9. Temporary Banner Signs: The village planner may authorize temporary banner signs that conform with subsection (G)2(i) of this section for a period not exceeding sixty (60) days for signs that relate to the business, service, pursuit, or event conducted on or within the premises on which the sign is displayed.
10. Sandwich Board Signs: The village planner may authorize one sandwich board sign, with cumulative total of all sign faces not exceeding twelve (12) square feet in addition to the total number and square footage of signs otherwise authorized, if requested as part of a business's annual business license application. The authorization to display a sandwich board sign must be renewed annually with the business license and

include site plan identifying the general placement of the sign as well as a scaled drawing (or "proof") identifying the dimensions, materials and copy of the sign. Sandwich board signs may not obstruct pedestrian or vehicular ingress or egress, and must be placed inside the structure when the business authorized to display such sign is closed to the public. Such signage shall be nonilluminated and may not adversely impact the health, safety, and welfare of the general public. Sandwich board signs may not be located on, or otherwise obstruct, pedestrian walkways, parking lots, and streets and be adjacent to the destination they are intended to serve but may not be displayed in the right of way. For purposes of this subsection (E), a "sandwich board sign" shall be a portable and temporary A-frame sign that is designed to be self-supporting by nature, which sign may have two (2) sign faces and should be simple, unique and constructed of high quality materials that complement the landscaping and architecture of the B1 district.

11. Setbacks: Unless otherwise specified, setbacks shall be subject to the review and approval of the architectural commission.

ARCHITECTURAL COMMISSION DECISION:

The Commission should review the request for signage against the aforementioned regulations and render a determination based upon those criteria as well as the appropriateness of the signage at this location in relation to other signage on the structure.

Setbacks for the ground sign are not specified and therefore at the discretion of the AC. Signage must be outside of the Old McHenry Road R.O.W. however.

As submitted the requested signage is with the parameters of the Village Code and therefore approvable. An excerpt from the "Downtown Design Guidelines" regarding signage is included for consideration by the Commission.
