Dear BoT Members,

On behalf of all of the volunteers of the LGAMC I would like to offer our sincere thanks, once again, for your annual support of the Long Grove Arts & Music Council. With your help we are now half way through our extraordinary eleventh season of free concerts featuring a wide range of top flight, eclectic musicians, many of whom offer us rates far below what they charge at other venues. In addition we are working to further the arts in general by sponsoring the Artists & Authors exhibit taking place this fall on Towner Green on September 17th.

With regard to the specifics of your generous grant, as was requested, following is a breakdown of amounts allocated for which group:

Harpeth Rising - \$2,400.00
Howard Levy & Corky Siegel - \$3,600.00
BeauSoleil with Michael Doucet - \$3,800.00
Alfonso Ponticelli & Swing Gitan - \$2,200.00
Special Consensus Bluegrass - \$ 2,000.00
Total - \$14,000.00

As we assess the viability of continuing our mission within Long Grove, the need of a permanent home for our series and for events has become a critical factor. Several options have been discussed as we continue to explore the possibilities. We will certainly keep the board apprised of our progress on this topic.

Thank you again for all of your invaluable assistance in helping the volunteers of the LGAMC fulfill our mandate for improving the quality and public perception of the Village of Long Grove. We could not do this without you.

Sincerely,

Tobin Fraley
Director - Long Grove Arts & Music Council
