7/18/11: Mr. Hens visited the office to complain about receiving the code enforcement letter and to "protest" the Village's permit requirements. He made it very clear that he will not give the Village a cent for any reason; he would rather adapt his project so that he doesn't need a permit. He said he will install the pillars without any cement piers and will only do a stone overlay on his stoop and he will buy a portable fire pit instead of building one. Mr. Hens complained at length about his taxes and local and Illinois government in general. /mr

8/5/11: Inspector Steve Lohrmann visited site. New driveway monument with light with inground electric has been installed without a building permit. Code violation letter will be sent to owners regarding this work without a permit. /mr
