**Cash Donation Information
Village of Long Grove Municipal Lot
Future Archer Road at Old McHenry Road**

September 18, 2009

Mr. David Lothspeich
Village of Long Grove
3110 Old McHenry Road
Long Grove, IL 60047

Dear Mr. Lothspeich:

The Village of Long Grove previously approached the Lake County Division of Transportation regarding the Village's preference to have the improvements on Old McHenry Road at Archer Road completed in conjunction with the LCDOT planned improvement project along Old McHenry Road. Incorporating all of the improvements for this area of Old McHenry Road would provide one construction project minimizing disruption to the travelling public and area businesses in downtown Long Grove. The LCDOT agreed to take this item of a Village Development Cash Donation in lieu of constructing improvements to the Public Works and Transportation Committee of the Lake County Board in accordance with Section 4.6.1 of the Lake County Highway Access Regulation Ordinance.

The Public Works and Transportation Committee approved acceptance of the Village Development Cash Donation in lieu of constructing improvements. A right turn lane from Old McHenry Road to Archer Road will be constructed as part of the County's improvement project. Please submit to the LCDOT a Cashier's Check or an Official Bank Check in the amount of \$85,860 which represents the cost of the improvements on Old McHenry Road that the Village of Long Grove project would be making if the County improvement for Old McHenry Road was not within the Five Year Highway Improvement Plan. This amount is based on the approved cost estimate provided by the Village's engineering consultant. The check shall be made payable to "Treasurer, County of Lake."

Should you have any questions, please do not hesitate to contact me at (847) 377-7400.

Very truly yours,

Emily J. Karry, P.E.
Principal Civil Engineer

cc: Joe Chiczewski, ESI (Village Engineer for Long Grove)
Paula Trigg, LCDOT
