**Subject:** You're Invited to Participate! Aptakistic Road Study Stakeholder Involvement Group Meeting

## ***YOU'RE INVITED TO PARTICIPATE!***

### **Stakeholder Involvement Group (SIG) Meeting**

The Lake County Division of Transportation (LCDOT) has initiated the Aptakistic Road Preliminary Engineering and Environmental (Phase I) Study. The study area consists of approximately 1.2 miles beginning at IL Route 83 on the west to Buffalo Grove Road on the east. The study will take a comprehensive look at the transportation needs of the corridor and includes an extensive public involvement process.

As part of the public outreach program, a Stakeholder Involvement Group (SIG) has been established. This group consists of study area municipal leaders, interested groups, residents and business owners. The SIG will serve an important role in assisting LCDOT throughout the planning phase of this project. The SIG will discuss the

Tomorrow's progress begins today. Plan to be a part of it!

alternatives, and an evaluation of these alternatives.

LCDOT has identified you as a key stakeholder for this project. Please let this serve as an invitation to participate as a member of the SIG and attend the first SIG meeting. You are welcome to appoint a designee to represent you or your organization. We encourage your participation and look forward to working with you.

Please RSVP your attendance by Wednesday, January 16, 2013 to Lily Escarpita of Images, Inc. at (630) 510-3944, or via e-mail [lily.escarpita@imagesinc.net](mailto:lily.escarpita@imagesinc.net).
