

Item #6:
Village Trustee Barry
Pathways Committee Meeting - August 22, 2014

PROJECT: Village of Long Grove (VoLG) – various trail projects
TOPIC: Pathways Committee Meeting
DATE: August 15, 2014
STAFF: Kevin Kleinjan

1. Buffalo Creek Trail Connection

- Phase I: Preliminary Design Services = complete
 - LCSMC PJD letter issued. No ACOE wetlands.
 - Wetland 1 (north of Checker Road) excluded from WDO regulation due to status as roadside ditch drainage
 - Wetlands 2 and 3 (west of Schaeffer Road) are Isolated Waters of Lake County (IWLC) and are subject to LCSMC regulation.
- Phase II: Design and Permitting Services = started, but awaiting Village contract approval
- Phase III: Final Engineering Services = awaiting Village contract approval
 - Hey has not received
 - Wetland 1 (north of Checker Road) excluded from WDO regulation due to status as roadside ditch drainage
 - Wetlands 2 and 3 (west of Schaeffer Road) are Isolated Waters of Lake County (IWLC) and are subject to LCSMC regulation.
- ComEd Coordination
 - Hey left updated report reflecting surveyed constraints with Village at July 18, 2014 Pathways Committee Meeting to forward to ComEd to follow-up on initial Village correspondence with ComEd and “formally” initiate their request with the ComEd Public Relocation Point of Contact
 - Hey will forward preliminary plans upon completion of Phase II to Village to forward to ComEd.

2. Longview Meadow Trail

- Pathways Committee is coordinating with Park District to resolve preferred alignments & trail type
- Hey will prepare proposal for services when above issues have been resolved

3. North Schaeffer (old Route 53) Trail

- Pathways Committee is coordinating with property owners south of Schaeffer road to determine if a proposed trail alignment option within the back 15 feet +/- of these properties is viable.
- Hey will prepare a proposal for services when above issues have been resolved.
