November 8, 2010

Mr. David Lothspeich
Village Manager
3110 Old McHenry Road
Long Grove, Illinois 60047

RECEIVED

NOV 15 2010

VILLAGE OF LONG GROVE

Dear Mr. Lothspeich:

Project selection for the Cycle 9, 2010 Illinois Transportation Enhancement Program (ITEP) has been announced.

We received 391 project applications totaling just under \$370 million for this application cycle. As you can appreciate, the high level of interest in this program made it very competitive. For the 2010 ITEP Cycle, 120 projects were selected totaling almost \$90 million in federal enhancement funds.

The department regrets to inform you your application for the Long Grove - Checker Road/Schaffer Road Pedestrian Path project was not approved.

Although the time frame for a new solicitation of projects has not been determined, you may resubmit the project application to be considered in a future ITEP funding cycle. The department will disseminate information to eligible project sponsors as to when applications will be accepted again. Any updated information will also be posted on the department's ITEP website, www.dot.il.gov/opp/itep.html.

A listing of approved ITEP projects and a section for frequently asked questions has been posted on the ITEP website. If you have additional questions they can be submitted through the website.

Thank you for your interest in ITEP.

Sincerely,

A handwritten signature in black ink that reads "Gary Hannig".
