Dear Herons Landing Residents,

We hope you'll attend the Village of Long Grove board meeting on Tuesday, June 28, to support your position on the water project, ask questions and participate in the discussion. Consideration of the IGA and SSA is scheduled to begin at 8:00 p.m. (See attached meeting agenda.)

It is important for village leaders to know how the majority of our residents feel regarding the water project, and for all residents to get their questions answered. If you can't be at the meeting, please send an email to Village Manager David Lothspeich (dlothspeich@longgrove.net) to share your position or ask any questions.

Bernadine and Michael,

Thank you for your email, I will provide to the village board prior to the meeting tomorrow evening. To clarify, the timeline for delivery of water remains unchanged for spring 2013. The 2015 date is when the villages allocation goes into effect and would be used rather than the Lake County allocation. Hopefully this helps to address this concern.

Thanks,  
Dave

Please delay approval of The Intergovernmental Agreement (IGA). There are too many questions and concerns that have come up regarding this agreement. The Herons Landing Concerned Citizens have forwarded their concerns to you.

One question that comes to mind is Section 1: L. Long Grove Village to begin using Lake Michigan water in 2015.

When we were initially approached regarding pursuing Lake Michigan water, we were told it would be a simple hook up across the "border" in Vernon Hills. All would be complete by maybe Spring 2013.

Obviously over the past months none of this appears to be simple. There are just too many questions that need to be answered before this should proceed.

Good evening,

We reside at 8975 Teal Lane. Unfortunately we can not attend the meeting this evening. However, based on all of the information we have had to date, we are in support of bringing Lake Michigan water to our neighborhood. Thank you, Gary Karp
