

I would like to thank you for taking an interest in becoming a part of our family, “The Long Grove Fire Protection District.” Those that follow through and successfully complete all phases of the process will find that the career of being a firefighter is very rewarding.

Our Mission Statement

To provide residents, owners, businesses, and visitors within the Long Grove Fire Protection District and any recognized emergency agency requesting automatic/mutual aid with the safest, effective, efficient, comprehensive and customer focused Fire, Rescue and Emergency Medical Services possible. This high level of professional services will not be limited in scope to emergency situations only, but will encompass the broader spectrum of public safety to include Public Education, Fire Inspections and all other support services.

- We are looking for the person that cares about people and wants to make a difference in their lives.
- We do not need an individual that “knows it all,” but instead, one that wants to “learn it all.”
- We need team players – the Fire Department is all about teamwork.
- We need people that are hard workers and care about the quality of their work.
- We need people that are willing to do whatever it takes to perform their duties.

These words are meant to encourage and prepare you for the career you are applying for. I wish you the best of luck during the process and hope that some day you will be a member of our great Department.

Should you have a question that we do not address here, please feel free to call us. We acknowledge that being hired by us would be an important and life-changing event.
