Re: Downtown Long Grove's Permitted Uses

Introduction

With the thought that you may want time to consider options for expanding Downtown Long Grove's permitted uses, I am providing this background material in advance of Tuesday's Special Board meeting.

With the terminology differing greatly between communities, creating Table 1 involved numerous judgment calls, and consequently, it serves as a guide rather than definitive comparison. Tables 3 through 6 provide the lists used to create this Matrix. With the exception of a few uses that align with current trends, uses appearing only once in the lists associated with communities other than Long Grove were removed to reduce the size of the matrix.

Total permitted uses by community were:

- Long Grove:23
- Geneva: 32
- Lake Bluff: 65
- Winnetka: 75

These comparison communities all rely on their staffs to determine whether an applicant is proposing a permitted use or must request a special use permit. Often that decision is guided by the North American Industrial Classification System (NAICS). Table 2 lists the broad categories and, starting on page 260 of the manual at http://www.census.gov/eos/www/naics/2012NAICS/2012_Definition_File.pdf , each retail category is further defined.
